### **Poles a part of Lorien plans**

Lichfield engineering design and project management specialist Lorien Engineering Solutions is strengthening its presence in Poland with the appointment of two recruits to its recently launched office in the country. Project manager Piotr Muszalski and business development manager Artur Antoniuk have been appointed at Lorien Engineering Polska, the firm's first overseas office. The branch office, based in Wroclaw in the south west of Poland, opened in July 2009.
