further develop the partnerships he and former chair Lynnda Coleman put in place, by working together with key organisations in the social-care sector to raise the profile and importance of health and safety.

Mobile access tower industry body PASMA has appointed **David Walker** as its

southern regional auditor. He will be responsible for ensuring that PASMA training centres meet the body's training

scheme requirements and achieve agreed standards. David has previously been chairman of the Ladder Association and was a founder member of the Access Industry Forum.

Ralph Weaver CMIOSH is the new health and safety advisor at Lorien Engineering Solutions, and was also recently appointed chair of

the Midland branch of IOSH. Ralph said: "I am honoured to represent more than 3500 members in our region to

promote safer and healthier working, but my appointment at Lorien also gives me the opportunity to develop further as a chartered SHEQ practitioner with a forward-looking company."

Christian Hopper has joined American environment and safety consultancy RMT International as UK business development manager focusing on expanding the company's services throughout Europe. Prior to joining RMT, Christian worked across a variety of industries providing client-focused health, safety, energy, carbon and environmental management and training solutions.
