PROCESS ENGINEERING

► Business award

LORIEN ENGINEERING SOLUTIONS

The company has been shortlisted as one of the top 10 in 'The Orange Growth Strategy Award' for the Midlands/Wales region of the National Business Awards. The winners will be judged at a gala dinner in Birmingham on 16 July and qualify automatically for the UK-wide national programme. Lorien has been growing its business through a customer-centred approach and international expansion; its repeat business rate for 2008/09 currently stands at 82%. Managing director Steve Slater says the short listing "is a real coup for the company".
